CAYMAN HOSPICECARE

FALL 2010

Angels for Hospice

Detail from 2010 Christmas card

We enter the 2010 holiday season with three unique opportunities to support the free services of Cayman HospiceCare. Spaces for individual messages in the CHC Community Christmas Card and the handcrafted ornamental angels for hospice are available now. With 12,000 copies of the Christmas Card distributed annually island wide, this beautifully designed twelve page card provides the Caymanian community with a way to send greetings to family, friends, clients and customers. The handcrafted clay angels, each year a different design, make a perfect gift for friends or family and look beautiful hanging from a window or tree. The second annual Light Up a Life Ceremony of Remembrance will take place in early December. The night will glow with the lights placed by all those who wish to participate. You are invited to add your individual lights to our community memorial.

Please contact Jennifer at 525.2761 or our office at 945.7447 for details.

CHC's Annual Christmas Wrap

If you want to guarantee your spot on Santa's "Nice" list, volunteer for the annual CHC Christmas gift wrap fundraising marathon! The wrap will once again take place outside the Book Nook at Galleria Plaza, starting 18 December and if you would be willing to donate a few hours of your time this holiday season, by adding your nimble fingers to the fray, please contact our office.

Our Vision:

We are committed to providing extraordinary end of life care to any person living in the Cayman Islands.

Our Values:

We pledge to:

Honour each patient and to respect his or her journey.
Support patient and family wishes in end-of-life care.
Care for survivors, helping them heal and move through their grief.

Become life-long learners, ensuring our patients receive the finest care possible.

Value our colleagues, believing in the dignity of our mission and acknowledging each person's unique contribution.

Our Mission:

Cayman HospiceCare is the premier community resource for end of life care and services. We are a non profit organisation and offer quality comfort care to anyone who has cancer or other terminal illnesses, free of charge.

Our Palliative Care Specialist Nurses reduce pain, manage other distressing symptoms and attend to the social, psychological, spiritual and emotional needs of both patient and family. We are committed to enhancing and improving the lives of all those affected by death and to assuring long term support for survivors after loss.

Publication & distribution of the Cayman HospiceCare Newsletter is made possible by a grant from Walkers Charitable Foundation
